

(f) *NPPO of Spain inspection.* Following any post-harvest processing, inspectors from the NPPO of Spain must inspect a biometric sample of fruit at a rate determined by APHIS. Inspectors must visually inspect the fruit and cut a portion of the fruit to inspect for *C. capitata*. If any *C. capitata* are detected in this inspection, the place of production where the infested avocados were grown will immediately be suspended from the export program until an investigation has been conducted by APHIS and the NPPO of Spain and appropriate mitigations have been implemented.

(g) *Phytosanitary certificate.* Each consignment of avocados imported from Spain into the United States must be accompanied by a phytosanitary certificate issued by the NPPO of Spain.

(1) The phytosanitary certificate accompanying Hass variety avocados must contain an additional declaration stating that the avocados are Hass variety and were grown in an approved place of production and the consignment has been inspected and found free of *C. capitata*.

(2) The phytosanitary certificate accompanying non-Hass avocados must contain an additional declaration stating that the avocados were grown in an approved place of production and the consignment has been inspected and found free of *C. capitata*. If the consignment has been subjected to treatment for *C. capitata* prior to export in accordance with 7 CFR part 305, the additional declaration must also state this.

(Approved by the Office of Management and Budget under control number 0579-0400)

EFFECTIVE DATE NOTE: At 78 FR 79572, Dec. 31, 2013, § 319.56-64 was added, effective Jan. 30, 2014.

Subpart—Wheat Diseases

SOURCE: At 70 FR 8231, Feb. 18, 2005, unless otherwise noted.

§ 319.59-1 Definitions.

Administrator. The Administrator of the Animal and Plant Health Inspection Service, United States Department of Agriculture, or any employee of the United States Department of Ag-

riculture delegated to act in his or her stead.

Animal and Plant Health Inspection Service (APHIS). The Animal and Plant Health Inspection Service of the U.S. Department of Agriculture.

Controlled import permit. A written or electronically transmitted authorization issued by APHIS for the importation into the United States of otherwise prohibited or restricted plant material for experimental, therapeutic, or developmental purposes, under controlled conditions as prescribed by the Administrator in accordance with § 319.6.

From. An article is considered to be “from” any country or locality in which it was grown.

Grain. Wheat (*Triticum aestivum*), durum wheat (*Triticum durum*), and triticale (*Triticum aestivum* X *Secale cereale*) used for consumption or processing.

Hay. Host crops cut and dried for feeding to livestock. Hay cut after reaching the dough stage may contain mature kernels of the host crop.

Host crops. Plants or plant parts, including grain, seed, or hay, of wheat (*Triticum aestivum*), durum wheat (*Triticum durum*), and triticale (*Triticum aestivum* X *Secale cereale*).

Inspector. Any individual authorized by the Administrator of APHIS or the Commissioner of the Bureau of Customs and Border Protection, Department of Homeland Security, to enforce the regulations in this subpart.

Karnal bunt. A plant disease caused by the fungus *Tilletia indica* (Mitra) Mundkur.

Plant. Any plant (including any plant part) for or capable of propagation, including a tree, a tissue culture, a plantlet culture, pollen, a shrub, a vine, a cutting, a graft, a scion, a bud, a bulb, a root, and a seed.

Seed. Wheat (*Triticum aestivum*), durum wheat (*Triticum durum*), and triticale (*Triticum aestivum* X *Secale cereale*) used for propagation.

Spp. (species). All species, clones, cultivars, strains, varieties, and hybrids, of a genus.

Straw. The vegetative material left after the harvest of host crops. Straw is generally used as animal feed or bedding, as mulch, or for erosion control.

§ 319.59-2

United States. The States, the Commonwealth of the Northern Mariana Islands, the Commonwealth of Puerto Rico, the District of Columbia, Guam, the Virgin Islands of the United States, or any other territory or possession of the United States.

[70 FR 8231, Feb. 18, 2005, as amended at 70 FR 71212, Nov. 28, 2005; 78 FR 25571, May 2, 2013]

§ 319.59-2 General import prohibitions; exceptions.

(a) Except as provided in paragraph (b) of this section, importation of *Triticum* spp. plants into the United States from any country except Canada is prohibited. This prohibition does not include seed.

(b) *Triticum* spp. plants, articles listed in § 319.59-3 as prohibited importation pending risk evaluation, and articles regulated for Karnal bunt in § 319.59-4(a) may be imported for experimental, therapeutic, or developmental purposes under a controlled import permit issued in accordance with § 319.6 if:

(1) Imported at the National Plant Germplasm Inspection Station, Building 580, Beltsville Agricultural Center East, Beltsville, MD 20705, or through any USDA plant inspection station listed in § 319.37-14 of this part;

(2) Imported pursuant to a controlled import permit issued for such article and kept on file at the National Plant Germplasm Inspection Station;

(3) Imported under conditions of treatment, processing, growing, shipment, or disposal specified on the controlled import permit and found by the Administrator to be adequate to prevent the introduction into the United States of tree, plant, or fruit diseases, injurious insects, and other plant pests, and

(4) Imported with a controlled import tag or label securely attached to the outside of the container containing the article or securely attached to the article itself if not in a container, and with such tag or label bearing a controlled import permit number corresponding to the number of the controlled import permit issued for such article.

[70 FR 8231, Feb. 18, 2005, as amended at 70 FR 71212, Nov. 28, 2005; 72 FR 43523, Aug. 6, 2007; 78 FR 25571, May 2, 2013]

7 CFR Ch. III (1-1-14 Edition)

§ 319.59-3 Articles prohibited importation pending risk evaluation.

The articles listed in paragraph (a) of this section from the countries and localities listed in paragraph (b) of this section are prohibited from being imported or offered for entry into the United States, except as provided in § 319.59-2(b), pending the completion of an evaluation by APHIS of the potential pest risks associated with the articles. The national plant protection organization of any listed country or locality may contact APHIS¹ to initiate the preparation of a risk evaluation. If supported by the results of the risk evaluation, APHIS will take action to remove that country or locality from the list in paragraph (b) of this section.

(a) The following articles of *Triticum* spp. (wheat) or of *Aegilops* spp. (barb goatgrass, goatgrass):

(1) Seeds, plants, and straw (other than straw, with or without heads, which has been processed or manufactured for use indoors, such as for decorative purposes or for use in toys; chaff; and products of the milling process (*i.e.*, bran, shorts, thistle sharps, and pollards) other than flour; and

(2) Seeds of *Melilotus indica* (annual yellow sweetclover) and seeds of any other field crops that have been separated from wheat during the screening process.

(b) Afghanistan, Algeria, Armenia, Australia, Azerbaijan, Bangladesh, Belarus, Bulgaria, Chile, China, Cyprus, Egypt, Estonia, Falkland Islands, Georgia, Greece, Guatemala, Hungary, India, Iran, Iraq, Israel, Italy, Japan, Kazakhstan, Kyrgyzstan, Latvia, Libya, Lithuania, Moldova, Morocco, Nepal, North Korea, Oman, Pakistan, Portugal, Romania, Russia, Spain, Tajikistan, Tanzania, Tunisia, Turkey, Turkmenistan, South Africa, South Korea, Ukraine, Uzbekistan, and Venezuela.
